

Mgb Workshop Manual

MGB technical specifications. Throughout the years of production from May 1962 to Oct 1980 the MGB went through a number of changes and modifications brought about by improvements in safety & use regulations and general upgrades.

MGB Specifications - MGB Restoration Workshop Notes

The ramps are lowered both ends when not in use so I can park one of the cars on them, and that 'raises' (ho ho) a couple more issues. Because the entry end is now about 4" off the ground the manual describes how to make a pair of pre-ramps - easy enough.

Miscellaneous - MGB Roadster and GT V8

MGB Register Event, Thursday 28th March 2019 by Steve Spong (and photos) Visit to Eye Candy Detailing. We had been invited by the owner Adam to view their workshop.

MGB, MGB GT and RV8 register - MG Car Club

I went with a mechless (no CD) Pioneer system, with an Ipod permanently installed behind the dash. Cd's are awful in a car. What is visible is a faceplate mounted on hinges so it can fold back out of sight.

[Ed. Note- Not sure how to perform the procedures listed below? Read the Basic Servicing Articles in the MG Experience Tech Library or purchase some of the how-to books in the MG Experience Book Store such as the Haynes manual or Lindsay Porter DIY Guide.]

MGB Maintenance Schedule - The MG Experience

Removing the dash, gauges, and all the instruments is an essential part of any good restoration. Rather than damage your original gauges or switches, read this guide and learn the secret incantations to remove them in one piece.

MGB Dash Removal Mysteries : How-To Library : The MG ...

Originally the MGB used a cylindrical 3-pin flasher unit (GFU103, Lucas FL5), but this is not the same as modern electronic 3-pin flashers. On the originals the third pin is used to flash the dash repeaters via additional contacts in the indicator switch, whereas on electronic units the third pin is connected to earth.

Body/Chassis. To create the LE50, we start with an original iconic MGB and over the course of many weeks and months fully restore the body using all new panels that are hand built in Oxfordshire by British Motor Heritage to the identical specifications of the original and then apply our own exacting build standards.

MG LE50 - Frontline Developments

MERCEDES 280S V6 "FACELIFT 2003. This is a really lovely example and not to be mistaken with the average car out there. it is the facelift model with the wide screen sat nav. highly specde with Comand Sat nav, visseo bluetooth adapter enabling any phone to be linked to comand.
